

Trauma-Informed Care Summit

Bringing Principles to Life: Implementing Trauma-Informed and Resiliency-Driven Change

Amie Myrick, LCPC

Amie is a Maryland Licensed Clinical Professional Counselor, Board-approved supervisor, and owner of New Phase Counseling and Consulting, LLC. She has trained professionals and community members on trauma-related topics for nearly 20 years. She aims to create a compassionate world so that all can feel seen.

Join us for a day of interactive training and learn to:

- Define key principles of trauma-informed care and resilience-driven approaches
- Identify barriers and facilitators to implementing trauma-informed and resilience-driven strategies within your organization
- Examine current policies, practices, and programs to identify opportunities for better alignment with trauma-informed and resilience-building principles
- Develop actionable steps to integrate trauma-informed and resilience-building principles into your work

AHEC West is authorized by the Board of Social Work Examiners in Maryland to sponsor social work continuing education learning activities and maintains full responsibility for this program. This training qualifies for five (5) Category I continuing education units and is a live, real-time, and interactive learning activity.

Five (5) MSDE CEUs offered by Garrett College

A Certificate of Completion is also available for this training.
