

About Us

The Garrett County Local Care Team is comprised of local child-serving agencies dedicated to assisting children and their families who struggle with emotional, educational, behavioral, and/or legal issues through inter-agency discussions and problem solving.

**Garrett
County
Local Care
Team**

The Garrett County Local Care Team Will:

Help Children and Families to identify their individual needs and coordinate assistance through referrals to local agencies and programs

Initiate interagency discussions and problem-solving for individual family needs as well as systemic needs

Refer children and families to Care Management entities when appropriate as well as local and community resources

Identify and share resource development needs with the Care Management entity and Behavioral Health Authority concerning how to best help the family

Discuss a request for a Voluntary Placement Agreement for a child with a diagnosed developmental disability or a mental illness

Speak with parents/guardians and children's legal counsel, or other support persons

Meet at the request and at the convenience of the family

Partner Organizations

The Garrett County Local Care Team (LCT) aims to ensure that children/youth and their families receive the necessary supports and resources to live successfully in the Garrett County Community.
