My experience working as a marketing intern is great, I had a lot of fun and I learned a lot being at **Optimal Health Care**.

This is my first job so I'm pretty happy with the whole experience, the people at the job are pretty friendly and are reliable when you don't understand a task or a job you're supposed to do and don't know what you are doing.

The Consortium helped me with GED classes, arranged for a paid work experience and directed me to my new job at **WebstaurantStore**.

I appreciate all the guidance and services that I received.
