

## Our Mission

To provide free, professional evaluations concerning the orthopedic, orofacial, cerebral palsy, brace, speech/language and physical therapy needs of our children and to assist each child in meeting his/her full potential and their ultimate level of independence.

## The League

by Betty Lou Driver  
(former patient of The League)

The League sees us beyond the present.  
The League helps us to become our best.  
The League provides us with medical care.  
The League teaches us with the heart.  
The League knows us as  
God's special children.
