

The data comes from the American Community Survey as it was compiled by Maryland Health Benefit Exchange. It shows that most of the uninsured qualify for free (below 138%) or very affordable insurance (138% to 399%). You can explore the data directly in the file uploaded to this group called "Maryland Uninsured by Zip Code."

UNINSURED GARRETT COUNTY RESIDENTS BY INCOME

- Uninsured - Income below 138% FPL
- Uninsured - Income between 138 and 199% FPL
- Uninsured - Income between 200 and 399% FPL
- Uninsured - Income above 400% FPL

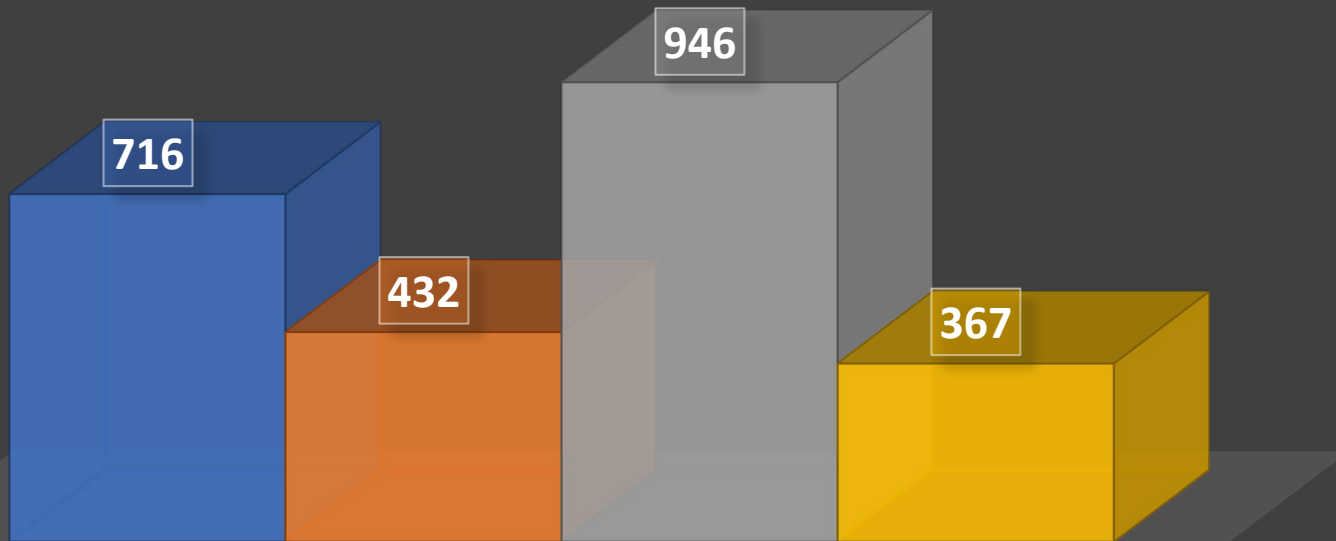

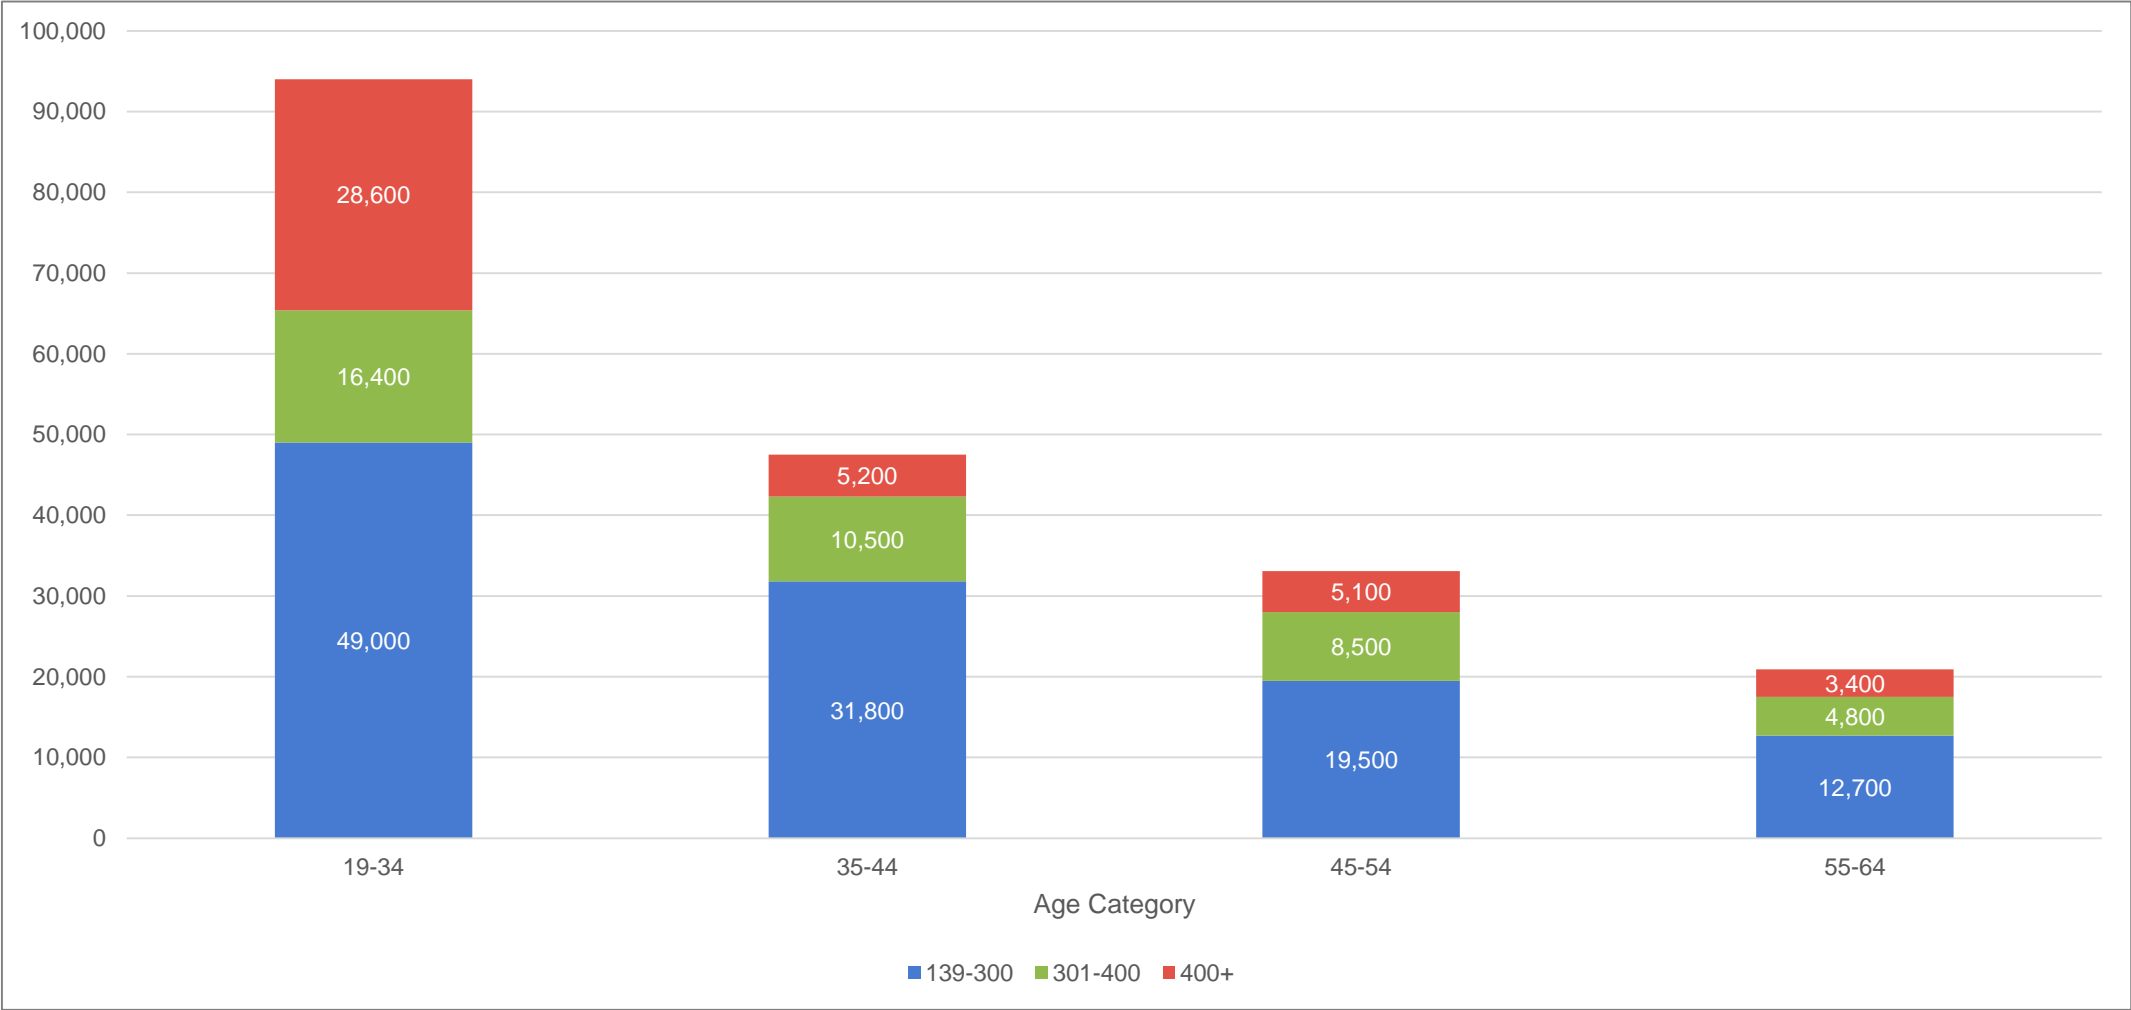

Chart 1. Uninsured, non-elderly Maryland adults stratified by income category (by FPL) and age group.
